

Wendy is starting her 11th year as a school counselor in Cobb County. She spent 9 years at McClure Middle School before joining Cobb Innovation & Technology Academy at Osborne for a year and serving as the part-time counselor at Allatoona High School last year. This year, she is excited to bring those experiences together as she joins Cobb Innovation & Technology Academy at Allatoona for its inaugural year.

Wendy loves helping students navigate the ups and downs of adolescence and believes one of the most rewarding parts of her job is watching them grow into confident, capable young adults. She enjoys building relationships with students and supporting them as they discover their strengths and pursue their goals.

Outside of school, Wendy enjoys spending time with her husband and their two daughters, ages 5 and 1. When she has a little free time, she loves going to concerts, watching movies, and making memories with family.
